

November 17, 2020

Dear Dr. Dave DuBois,

We are proud to present you with the Climate Change Leadership Institute (CCLI) 2020 Direct Action Award for raising awareness about the climate crisis and emphasizing the public health benefits in store if we take a leadership role in addressing it.

CCLI is a grassroots based non profit organization based in Santa Fe New Mexico. We emphasize solutions to climate change that empower the community. Every year we give out leadership awards locally and nationally to people who make an outstanding contribution to phasing out greenhouse gas emissions and restoring a healthy planet.

As the State Climatologist you have been diligently informing New Mexico's residents about the dire impacts of climate change as well as sharing uplifting ways we can be resilient and responsive in creating a brighter future. The more our society is informed and engaged with this challenge the more we will rise to the occasion. We thank you for your leadership and acknowledge the importance of your work.

Along with this letter we are commemorating your efforts by providing a plaque to you and a seed grant to the NMSU Foundation for the Climate Monitoring and Education Fund for student involvement. Further, we stand with you as an ally in working to engage New Mexico as a leader in solving the climate crisis.

With gratitude for your dedication,

Robb Hirsch
Founder and Executive Director
