Dear Noam Chomsky and Robert Pollin,

We are proud to present you with the 2020 Climate Courage Award for calling on our society to respond to the climate crisis with utmost seriousness and for proposing a global solution that is not only bold and viable but also replete with the need for a just transition.

The Climate Change Leadership Institute (CCLI) is a grassroots based non profit organization based in Santa Fe New Mexico. We emphasize solutions to climate change that empower the community. Every year we give out leadership awards locally and nationally to people who make an outstanding contribution to phasing out greenhouse gas emissions and restoring a livable invigorating planet.

You both so thoughtfully sound the alarm and speak truth to power through your excellent book [Climate Crisis and the Global Green New Deal](#). You also raise consciousness that we can and must commit our selves to a global endeavor to end pollution as we know it while creating jobs, saving money and inspiring a common sense of purpose in the process.

In your names, in appreciation for your call to leadership we are making a donation to the Sunrise Movement. Further, we stand with you in partnership to achieve the equitable environmental commitments required on a local, national and global scale.

With gratitude for all your dedication,

Robb Hirsch
Founder and Executive Director
