

November 17, 2020

Dear James and Joyce Skeet,

We are proud to present you with the 2020 Climate Justice Award for tribal and wider community leadership advancing regenerative agriculture and food system transformation.

The Climate Change Leadership Institute (CCLI) is a grassroots based non profit organization based in Santa Fe New Mexico. We emphasize solutions to climate change that empower the community. Every year we give out leadership awards locally and nationally to people who make an outstanding contribution to phasing out greenhouse gas emissions and restoring a livable invigorating planet.

You both have dedicated yourselves to healing the Earth, growing healthy food and improving our relationship to each other. Your organization, Covenant Pathways, is doing vital work thanks to your leadership and we send a heartfelt thank you!

Along with this letter we are also providing a plaque and a seed grant to your organization in order to commemorate your efforts. Further, we stand with you in partnership to achieve the values of both traditional and regenerative agriculture in what hopefully will become a mainstream soil and people health based food economy.

With gratitude for all your caring devotion,

Robb Hirsch
Founder and Executive Director
