

The
Climate Change Leadership Institute

November 17, 2020

Dear Tammy Fiebelkorn,

We are proud to present you with the 2020 Conservation Award for advancing energy savings in the Southwest.

The Climate Change Leadership Institute (CCLI) is a grassroots based non profit organization based in Santa Fe, New Mexico. We emphasize solutions to climate change that empower the community. Every year we give out leadership awards locally and nationally to people who make an outstanding contribution to phasing out greenhouse gas emissions and restoring a healthy planet.

Your work to achieve energy efficiency and energy conservation in policy and in practice makes a meaningful impact in the fight for climate stabilization. Weatherization of homes and buildings, retrofits and innovations including the wide-scale adoption of heat pumps are not only vitally reducing emissions but saving people money by lowering utility bills. We thank you and the organization you work with the Southwest Energy Efficiency Project (SWEET) for all you do.

Along with this letter we commemorate your efforts by providing a plaque and seed grant in your name. Further, we stand with you as an ally to encourage New Mexico and our Nation to be a leader in solving the climate crisis.

With gratitude for your dedication,

Robb Hirsch
Founder and Executive Director
