

THE CLIMATE CHANGE LEADERSHIP INSTITUTE (CCLI) is a local non-profit organization and civil society association helping to generate a sustainable future based on clean power, innovation and conservation. Addressing human induced climate change and spurring on America's clean energy revolution is not only a vital volunteer mission for CCLI, it is something we can all strive towards together for the sake of future generations.

CCLI'S ENDEAVORS:

EDUCATION ADVANCEMENT

We provide *stewardship workshops* at schools, *paid student internships* & new media awareness building tools to advance progress (including thru our social action network called *Lead Your Revolution for Clean Energy in America*). We also give out an annual climate and/or clean energy education excellence award;

COMMUNITY BASED SEED GRANTS

We support solutions to the climate crisis thru our local *Direct Action & Innovation Grants*; we help those unduly affected by US climate pollution thru our *Justice Grants*;

LEADERSHIP DEVELOPMENT

We honor society's epic change-makers thru our *Climate Courage Awards*. We recognize ordinary people's extraordinary efforts thru our *conservation leadership program*.

DIRECT ACTION

We call for public participation in clean energy and climate stewardship thru our *Power Pledge*. We raise awareness & spawn change-making thru *Annual Direct Action Projects* (including *Water for the World*, *Drive for Sustainability*, *Conservation Quest*, *Lead Your Revolution*, *Cool the Climate* & *Lift the Fog*, which calls for sustainable development in natural gas extraction).
